## A FREE Poster to Print and Share!

Here's a great graphic from our *Language Strategies for Little Ones* book. Print this attached poster in color, or print black and white copies for students to color themselves. Encourage students to use the "Give Me Five!" strategy to sharpen their listening and attending skills.

Want a teaching unit to accompany it? You'll find it in *Language Strategies* for *Little Ones*.

Also check out *Language Strategies for Children(for grades 2–5) and Language Strategies for Older Students(for grades 5–8).*
